

Help PanCAN

...with its three-point plan that focuses on Education, Research, and Access.

Education

To promote education of the public, the scientific and medical world, as well as the government, by raising awareness of pancreatic cancer to ensure a better understanding of the disease.

Research

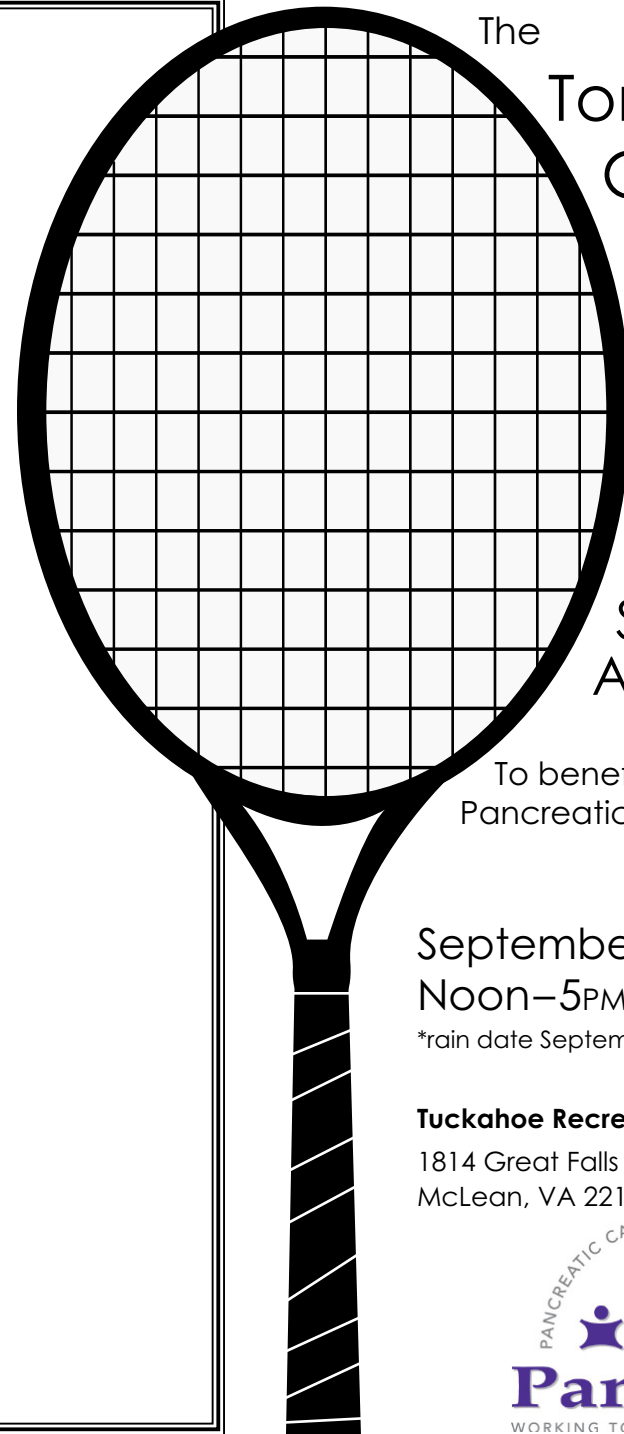

To promote additional government funding of research efforts for pancreatic cancer by creating an increased awareness on Capitol Hill of the urgent need to allocate funds for this disease.

Access

To promote and ensure the highest quality of pancreatic cancer care, including access to and public awareness of the latest medical advances, support networks, clinical trials, and reimbursement for care.

Tom Gronlund & PanCAN

Tom Gronlund, a graduate of the U.S. Naval Academy and longtime resident of McLean, was an avid tennis player. He had enjoyed good health until the spring of 2001 when he began to experience debilitating fatigue. He was diagnosed with pancreatic cancer on May 10, 2001.

He died 28 days later.

PanCAN (Pancreatic Cancer Action Network) is a non-profit organization dedicated to eradicating pancreatic cancer.

Although the 4th largest cancer in the United States, it is the least funded of any leading cancer. There are no early detection methods and very limited treatment options.

Funds from this benefit will support PanCAN's efforts to stop this terrible disease.
